# DE GRAANCIRKEL

G.S.R.V de Graancirkel is a roundnet (also known as Spikeball) association, and is the ACLO's newest association. The sport is inspired by volleyball, but way more fun. Roundnet is a dynamic two-versus-two game that is played 360 degrees around the net, involving strategy, endurance and skill, in which you and your teammate have three touches to bring the ball back on the net, after which your opponents will try the same. The game can be played indoors, but also on grass and sand; in our association, all we use all those three options depending on the season.

Currently, we are one of the smallest associations, which makes de Graancirkel a tight-knit association. Yet, we are very beginner-friendly and see people with zero experience joining De Graancirkel all the time – not only for trainings, but also for our social activities. Feel welcome to join one of our trainings, inside during winters and outside in the summer!

# G.S.S.V. KROTON

G.S.V.V. Kroton has been around for more than 60 years, making it the oldest student volleyball club in Groningen! The association originated from a sub-association of Albertus Magnus and was founded on June 4 1964.

In the beginning the association consisted of only a men's team, but soon a women's team was added and in the years that followed the association gained more and more members. As the number of members grew, the members became more and more active and an association was created in which activities were also organized outside of volleyball. In addition a club magazine was published, the first committees were established and there was a real Kroton song. The cozy character that the association still knows today, therefore comes from a distant past.

You can recognize Krotonners for years by their red-green competition outfit. These outfits can often be admired on Saturdays in the familiar HG hall. A small association is not at the expense of the fun within the association, but ensures that almost everyone knows each other. That is why our current slogan is: "Kroton, one big team".

# G.S.T.C.

De G.S.T.C. is dit jaar door de KNLTB uitgeroepen tot leukste studententennisvereniging van Nederland! Naast het feit dat wij de leukste studententennisvereniging van Nederland zijn, zijn wij ook nog eens de oudste van Nederland (1932!). Onze vereniging kent een rijke geschiedenis en telt meer dan 500 leden. Naast tennis is ook de gezelligheid een belangrijke prioriteit. Een jaar bij onze vereniging is een jaar waarin veel getennist wordt en veel evenementen plaatsvinden. Zo trappen wij het jaar altijd af met een eerstejaarsweekend naar Schiermonnikoog. Hierna zijn de introductieborrels. Hierbij kunnen de eerstejaars drie donderdagen op rij kennismaken met 't Haarhusje (ons clubhuis) en kan er tot in de late uurtjes gebeerpong worden. Iedere eerste maandag van de maand vindt onze maandborrel plaats in onze stamkroeg: 't Gat van Groningen. Verder in het jaar zijn er iedere maand verschillende evenementen, weekenden weg en vakanties. Denk hierbij aan het gala, de skivakantie, tennistoernooien, de voorjaarscompetitie etc.

Voor onze actieve leden wordt een actief leden weekend georganiseerd en naast alle gezelligheid proberen wij ook zo veel mogelijk (internationale) toernooien bij te wonen! Kortom, word lid van de oudste en leukste studententennisvereniging van Nederland!

Met rood en witte groet,

# LACROSSE GRONINGEN GLADIATORS

Are you looking for a new sport? Look no further! Lacrosse is the perfect sport to try! Lacrosse is played with sticks with a net on top where you and your team try to score as many goals as possible.

The sport looks slightly different for men than for women. The men play a lot more physically and therefore have more equipment. But no matter which team you play on, lacrosse requires agility, speed and teamwork.

Of course, good teamwork does not come naturally, so we work hard on that both on and off the field. So in addition to training twice a week and a playing in a competition, we also organize drinks, activities and our annual Schier weekend. You can also always have a beer afterwards in our clubhouse and join one of our committees.

Lacrosse Groningen Gladiators is a small, close-knit club. We welcome everyone with open arms. We would like to show you why we think lacrosse is a great sport and why you should come and be part of the Gladiators.

So come visit our club or visit us during the KEI week and who knows, we might see you there!

## G.S.M.G. BRAGI

A life without music is like living without oxygen; it's impossible to survive without it. Bragi has been making music for over 140 years and we are still a very vibrant association. We consist of a symphony orchestra, a symphony choir and an a cappella choir.

Have you played an instrument in the past and are you looking to pick it up again? Do you want to improve your musical skills? Or have you been playing or singing all of your life? We need you either way! Bragi has an open attitude and an international atmosphere. Music is a universal language and thanks to the many international players and singers we are able to play a wide variety of music. So don't hesitate to get involved!

Besides the music we organize a broad variety of social activities like going to the pub, karaoke, working at festivals together, rehearsal weekends in the beautiful countryside of Groningen and just fun nights together having food and playing games. See you soon!

Still not convinced? Join us for one of our open rehearsals during the KEI-week.

## GRONINGER STUDENTEN TONEEL

# POPKOOR ESTRELLAS

We, Popkoor Estrellas, are THE student pop choir of Groningen. Our choir consists of 24 students divided into three voice groups (altos, mezzos, and sopranos). Every Thursday evening we rehearse from 7:15 PM to 9:30 PM at Usva (Munnekeholm 10). Together with our conductor, we work towards several concerts each year, including Christmas performances and a major summer concert. Besides rehearsals, there's also time for some fun activities! We regularly go out for drinks together, and our committees organize various group activities such as a choir weekend.

Each year, we choose a new repertoire together with songs in various styles, from Billie Eilish or Muse to Britney Spears and Queen. We are always looking for new members, so come and join one of our open rehearsals and sing along!

# LITERAIRE STUDENTEN- VERENIGING FLANOR

Hello, we are Literary Student Association Flanor! All our members have one thing in common: we love books! Our association has over 20 different reading groups for different genres or themes, like YA, fantasy and even graphic novels. Every month we have our monthly drinks and a lecture by an author. Some authors that recently have visited Flanor are Thomas Olde heuvelt, Rima Orie and Raoul de Jong. Besides that, we also organise many other activities. Some of these are book-related, like our bookshop crawl (a pub crawl but with bookshops!) but this is not always the case. We also do things like ice skating, karaoke, and tea tastings! Flanor is an international-friendly association. Most of the reading groups read books in English (although everyone is welcome to read the books in their preferred language).

If you would like to know more about who we are or what our reading groups are reading, make sure to check out our website [flanor.nl](http://flanor.nl) or [flanor.nl/en!](http://flanor.nl/en!) We have many fun activities planned during the KEI-week, so you are also more than welcome to join one (or more, or all) of the activities to get to know us :)

# STUDENTENKOOR C.S.G. GICA

Gica is a student choir from Groningen. The choir sings a wide variety of classical music: from Bach and Handel to Britten, Fauré and Whitacre. This is often a cappella, but also regularly accompanied by organ or piano, for example. There is a rehearsal every Thursday evening and 2 or more concerts are given every half a year. After the rehearsal we often go to our favorite pub: the Padangbar! The members decide for themselves which pieces Gica sings: every six months they vote for the next project. In this way we sing a very varied repertoire.

Everyone is welcome at Gica: there are no auditions. In addition to singing, there is a lot of fun! Activities are organized such as ice skating, watching movies and parties are sometimes organized. Be sure to come by during the information market, the Eat & Greet at Lust on Tuesday, and during the KEI parade. Watch our concert during More to Explore or sing along during the Pub singing workshop on Wednesday or our open rehearsal on Thursday from 19.30 to 22.00 in the Oosterkerk!

# JONGE DEMOCRATEN GRONINGEN

When you're young, you want to decide for yourself what your future will look like. Who you are, where you live and what you study is all your choice. But politicians also decide your future. The student debt system, the policy on student housing and what we do about the climate crisis? All politics.

The Jonge Democraten are the progressive liberal political youth organization of the Netherlands. The JD ensures that your voice is heard in the political debate. We do this by making our opinions heard both within our mother party D66 and outside in the media. In addition, the JD is also a very social association where you can learn everything about politics, debate and media, but where you can also have a lot of fun and good friendships.

The Groningen chapter is a cozy JD chapter where politics and fun go hand in hand! Join us and develop your political skills, expand your network and develop lifelong friendships!

# GRONINGER STUDENTENBOND

The Groningen Student Union is an association dedicated to the interests of students in Groningen. By talking to the Groningen municipality, the UG and Hanze, we stand up for student housing, good education and a strong legal position for students. An example of this is the setting up of the Rent Support Desk Groningen.

In addition, our Legal Support Desk offers free legal aid to students who, for example, have had to deal with harassment, a conflict with a thesis supervisor or have received a (negative) BSA. In faculty council GSB represents the voice of students for a democratic university. The GSB is also activist. For instance, we campaign for wellbeing and diversity among students, a 'StuFi' you can actually finance your studies with, and the right to demonstrate on campus. Moreover, we regularly organize fun activities for our members, such as workshops and lectures, but also pubquizes and bowling.

In short, the GSB supports students. Do you support GSB?

# STICHTING KEI

The KEI-week is organised totally by students themselves! You are ofcourse familiar with KEI because of the KEI-week; the introduction week for first-year students to get to know Groningen and the week for senior students to celebrate student life in Groningen. With about 20 events and over 1,000 volunteers, the KEI-week is the largest student introduction week in Europe.

But did you know that KEI is much more than that? During the year you can become active within one of our 14 committees (crews), as Event Manager or you can even be in the board of the KEI-week!

So becoming active at KEI starts well before the KEI-week and is characterized by many functional responsibilities, drinks and fun. Did you experience your KEI week as the best week of the summer and are you curious how KEI can fit into your student life during the year? Contact [secretaris@keiweek.nl](mailto:secretaris@keiweek.nl) and hopefully see you soon!

## JOUW VERGOEDING IS GOED VOOR ONS ALLEMAAL.

We gebruiken allemaal weleens een medicijn, van een eenvoudige pijnstiller tot medicatie die is voorgeschreven door een arts. Het is de meest alledaagse zaak ter wereld, toch? Dankzij mensen zoals jij kunnen we medicijnen ontwikkelen die net zo alledaags en eenvoudig zijn. Dat is wat we bij ICON doen en jij bent daar een essentieel onderdeel van.

# Be **ICONIC**

### Hoe Werkt Het?

Voor aanvang van de studie zul je een medische keuring ondergaan in Groningen of Utrecht om te bepalen of je voldoet aan de criteria voor deelname. Gedurende het onderzoek verblijf je in het onderzoekscentrum van ICON in Groningen, waar je een lage dosis van het bestudeerde medicijn zult krijgen. De artsen en verpleegkundigen zullen in de gaten houden hoe het met je gaat en observeren hoe je lichaam reageert op het medicijn. Dit doen ze door je bloed en urine te testen en door je vitale functies zoals je temperatuur, bloeddruk en hartslag te monitoren.

### Vrije Tijd

Het ICON-onderzoekscentrum lijkt een beetje op een ziekenhuis, maar is veel gezelliger. Je zult er samen met de andere deelnemers eten, slapen en wonen. De artsen en verpleegkundigen zullen hun onderzoek op vaste tijdstippen van de dag uitvoeren. Afgezien hiervan ben je vrij om de meeste van je dagen door te brengen zoals jij wilt. Tijdens je verblijf heb je genoeg tijd voor jezelf, die je kunt gebruiken om te studeren, gamen of zelfs om je favoriete series op Netflix te kijken. Daarnaast ontmoet je tijdens je deelname aan het onderzoek allerlei nieuwe mensen.

### Vergoeding

Je zult een vergoeding ontvangen als je ervoor kiest om deel te nemen aan een onderzoek. Het bedrag dat je zult ontvangen is gebaseerd op de duur van het onderzoek. Hoe langer het onderzoek, hoe hoger het bedrag dat je ontvangt. Je ontvangt bijvoorbeeld € 1.875 voor een kort onderzoek tot wel € 9.549 voor een lang onderzoek.

Jij bent de échte game changer, en daarom ben je **#Iconic.#NormaleMedicijnen**
